

Songtekst van de dans: Better Than Nada

The Texas Tornados Little Bit Is Better Than Nada

Met her in a border town
We proceeded to get down
She turned me on
I dropped the telephone

Moonlight hits the Rio Grande
And the touch of her hand
It makes me high
Like the Fourth of July

The bad bandito came into town
But man I'm gonna hunt that gringo down
But these words keep ringin' in my ear

CHORUS

A little bit is better than nada
Sometime you want the whole enchilada
A little bit is better than nada
A little bit or nothing at all

Said Cancun was not her style
Turistas there they drove her wild
The border's the place
Put on a brand new face

Me and the boys are just in town
Shake 'em up roll 'em down
I guess it was fate
I hope I wasn't too late

Bad bad boys was on our trail
Federales threw us all in jail
But these words keep ringin' in my ear

CHORUS (X4 to fade)
