

Songtekst van de dans Paralyzing Eyes

Alan Jackson
There Goes

There you were standin' in the shadows
Well, I just looked where I don't see
I'm still pretendin' I don't need you
I won't let you know you're killin' me

Like some big, black widow spider
You know just how to catch your prey
And I'm actin' like it doesn't matter
And you sneak up from behind and whisper my name

And there go your paralyzin' eyes
There goes your tantalizin' smile
There goes my act of playin' it cool
And there go the words I meant to say
There go the games I wanted to play
There goes my heart fallin' for you

Well, I think you're playin' with me, darlin'
You like to see what you can do
Well, I should be fishin' for Blue Marlin
Instead of bein' hooked again by you

But there go your paralyzin' eyes
There goes your tantalizin' smile
There goes my act of playin' it cool
And there go the words I meant to say
There go the games I wanted to play
There goes my heart fallin' for you

Yeah, there go your paralyzin' eyes
There goes your tantalizin' smile
There goes my heart fallin' for you
There goes my heart fallin' for you
